

BORN TO RUN

BORN TO RUN

+ **PowerRing** =

The **PowerRing** born from a simple idea, revolutionary consists of 6 parts, 14 different settings, no components subject to wear or loss of elasticity. Is installed inside the drive, comes with installation instructions and chart calibration.

Advantages PowerRing:

- Improves from zero.
- Increase the acceleration of the scooter.
- Calibration for each specific riding style.
- Improve the performance.
- Improve the performance of a exhaust or similar.

The PowerRing acts on the following parameters:

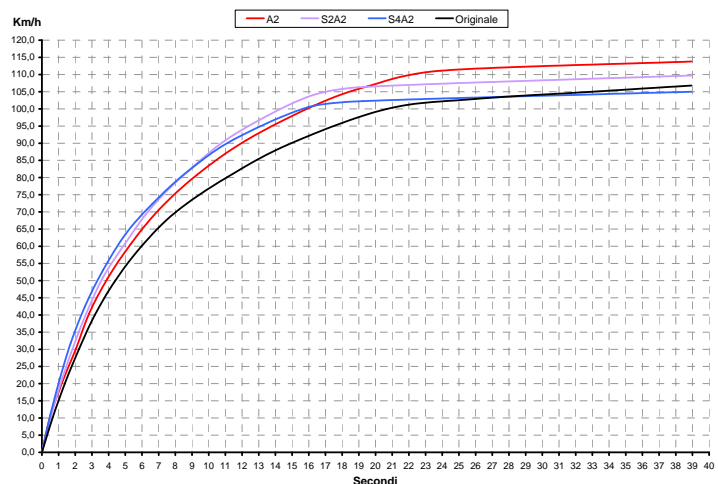

- Reports of the variator ratio (minimum and maximum).
- Operating speed variator.
- Regime of operation of the clutch.

The PowerRing is designed to be mounted on the original variators, with the necessary attention can run with many aftermarket variators.

Comparison of the acceleration curve and the original curve acceleration PowerRing in 3 different calibrations.
